

Dear prospective Green County Humane Society Board Members:

Thank you for considering becoming a Board Member of the Green County Humane Society! As I am sure you are aware, Board Members have a great deal of responsibility and spend a great deal of time and energy ensuring that we have the best run Humane Society possible.

To help you make this important decision of whether a board position is right for you and that you are a good fit for our organization, we have outlined Board responsibilities and the process for joining the board. We also ask that you fill out the forms provided and return them to us, so if a position becomes available, be it appointment by the board or by election at our Annual Membership Meeting, we can make an informed decision.

A strong board should be well rounded. So, we make every effort to have many areas of expertise represented: management, finance, animal care, marketing as an example. To help us ensure our board is well rounded, we have attached a questionnaire regarding your background in a number of areas of vital importance. Your answers will help us to identify how your expertise fits with other members of the board. Also, please submit either a resume or the attached Candidate profile. Finally, please submit a signed Board Candidate Agreement form indicating your willingness to abide by the terms of this agreement should you become a board member.

The following information and documents are available:

- The process of becoming a Board Member
